"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government, and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

THE PRICE & LEE CO.
PUBLISHERS OF DIRECTORIES
OF OVER ONE HUNDRED CITIES AND TOWNS

Reference Advertising

●

Advertising—that is perpetual in mediums that have a permanent value.

Advertising—that protects and supplements all other forms of advertising that create desire.

Advertising—that directs the buyer when the need is imperative after the desire has been created.

Advertising—that by its permanence establishes confidence and stability

Advertising—by which tomorrow's success is built on today's action.

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted.*

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days,* therefore—

1000 x 3½ x 305 =

1,067,500

History

Chicopee, Massachusetts, was first settled in 1638, the first of the settlers probably being Henry and Japhet Chapin, sons of Deacon Samuel Chapin who was one of the early settlers of Springfield. It was incorporated as a town in 1848 and as a city in 1890. When incorporated as a town, Chicopee had a population of 7,861 and the population of the city according to the Federal Census of 1930 was 43,930. The city has grown continuously and steadily as an industrial community. It has excellent water and electric power facilities and is noted for the skill of its workmen.

Service Institutions—Public utilities in the city are well organized and render efficient and economical service to the citizens. The city has excellent water facilities which are efficiently handled by a municipal water works department. Electric light and power are furnished by the Chicopee Electric Light Department, a municipal institution and its rates both for private and power use are the lowest in the state. The Springfield Gas Light Company furnishes gas at reasonable rates. Transportation facilities are furnished by both the Springfield and Holyoke Street Railways which operate busses on all the main arteries leading to and from the city.

Chicopee is noted for its splendid educational system, the cost of education in the city being almost the lowest in the state. It has a splendid high school, and twenty-four junior high and elementary schools, with seven parochial schools. About 10,000 pupils attend both the public and parochial schools. The College of Our Lady of the Elms, a Catholic institution, is also located in Chicopee. Outstanding in training men and women in modern trade schools for war work. Placing over 2,000 in defense factories in Chicopee and vicinity.

Financial Situation—The city has reduced its bonded indebtedness to $703,000, of which $229,000 is for Water Mains and Filter Plant, and payable exclusively from Water Department Revenues, so that the Net Debt payable from tax levies is $474,000.

In 1943 and 1944 all Tax Anticipation Notes were paid in the same year the loans were negotiated, Chicopee being one of the very few cities in the Commonwealth to accomplish this.

The financial condition of the city is excellent. Barring unforeseen emergencies, it will soon be practically free of debt, with bright prospects for a prosperous future.

Civics and Welfare—The city has a very fine record for health and sanitation. It has two hospitals, one private and the other being municipally owned for the care of infirmary patients.

Westover Field, the largest Airbase in the Northeast area, is permanently located in Chicopee.

"What You Should Know About Your City"

"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest: then, a sympathy: then a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful: and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.

Common Sense

About City Directory Circulation

The true value of advertising circulation is *circulation consulted.*

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.

For every thousand directories sold there will be an average of three and one-half daily consultations for each book for *three hundred and five days*, therefore—

1000 x 3½ x 305 =

1,067,500
